

ENROLLING ONE OR MULTIPLE CHILDREN FOR AFTERCARE

Step 1: Using the **vagaro** app or website, add your child (or children) to your profile under Family & Friends.

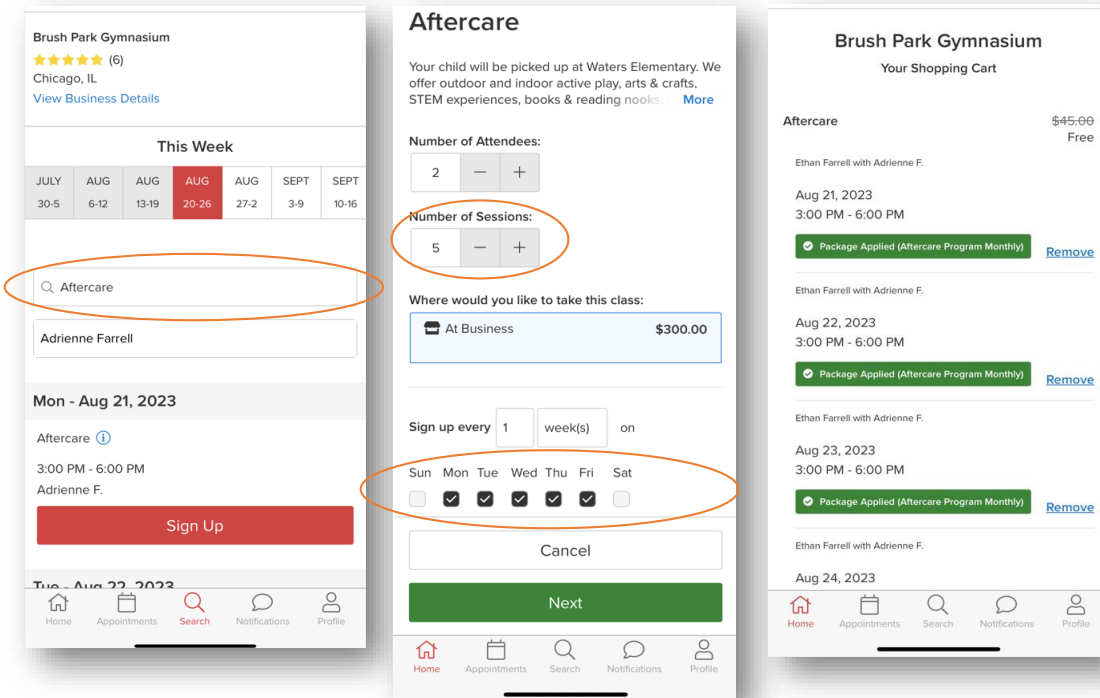

Step 2: Purchase a 10-day or monthly package. During checkout, select "Share with Family & Friends". Each child requires their own monthly package. 10-Packs can be shared by multiple children. Single day purchases are also available under Classes -- proceed to Step 3 for single purchases.

Step 3: Book your child's spot! Select "Book" and then filter the Class list by "Aftercare". You can sign up for multiple days at once (see image 2). Each day requires a Session (i.e. 5 days = 5 sessions). Your cart will apply the package you purchased on the total cost.
